Education

• **Indian Institute of Information Technology, Nagpur**

Aug 2023 – May 2027

Bachelor of Technology, Electronics and Communication Engineering · CGPA: **7.60/10.0**

Nagpur, India

Technical Projects

LLM Failover and Context Handover Extension

Mar 2026 – Apr 2026

Chrome Extension Developer | JavaScript, Manifest V3, Chrome APIs, Shadow DOM, Puppeteer | [Github](#)

- Built a Chrome Extension that automates conversation migration across Claude, ChatGPT, and Gemini, supporting 6 failover paths with full chat-history preservation and context recovery.
- Developed Shadow DOM-based UI components and persistent user settings, while implementing intelligent tab-reuse to optimize browser resources and user workflow.
- Created a Puppeteer-based E2E testing suite for DOM extraction, prompt injection, and migration workflows, and refactored the codebase into reusable content-script drivers to improve maintainability.

VeriCode (Digital Logic & HDL Platform)

Sep 2025 – Dec 2025

Software Developer | React, Node.js, Express, MongoDB, Firebase, JDoodle API | [Live Link](#)

- Investigated system performance and integrated **JDoodle API** for cloud-based Verilog compilation, generating interactive signal waveforms in under 2 seconds.
- Championed a 2-tier architecture deployment on Vercel and Render using **MongoDB Atlas** and **Firebase SSO**, tracking execution states across 20+ problems.
- Authored a **RESTful API** for a discussion forum with 3-level nested replies, facilitating team communication and role-based moderation.

Subscription Management Backend

Jun 2025 – Aug 2025

Backend Developer | Node.js, Express.js, MongoDB, Mongoose, JWT, Bcrypt | [Github](#)

- Architected a **Node.js/Express.js** backend with 16 RESTful API endpoints, utilizing MVC and microservices design patterns.
- Initiated the integration of **MongoDB** using Mongoose ODM to enhance data accessibility, increasing data retrieval speed by **40%**.
- Fortified system security through the implementation of **JWT** authentication and **bcrypt** hashing protocols, resulting in zero security incidents.

Skills

Programming Languages: C, C++, Python, JavaScript, TypeScript, SQL

Frontend: React.js, Next.js, TailwindCSS, HTML, CSS

Backend: Node.js, Express.js, REST APIs, Microservices

Database Systems: MongoDB, MySQL, PostgreSQL

Tools & Platforms: Git, GitHub, Docker, Vercel, Figma

Core CS: DSA, OOPS, DBMS, OS, Computer Networks

Certifications & Achievements

- Enhanced algorithmic proficiency through consistent practice, elevating **LeetCode** rating by **50 points** and improving average runtime of submitted solutions by **20%** within six months.
- Solved 200+ DSA problems across LeetCode, Codeforces, and other competitive coding platforms.
- Achieved Top 15 Rank among 200+ coders at IIT Kharagpur's Overnight Coding Camp (Feb 2025).
- Awarded Top 10 Finalist out of 100+ teams at GDSC Hack for SDG South Asia (Aug 2024).

Leadership Experience

Lead PR & Outreach

Nov 2025 – Mar 2026

Abhiviyakti '26 & Tantrafiesta '25, IITN

- Drove external communications with 15+ industry sponsors and chapters, initiating record participation from 20+ regional colleges.

Festival Director

Sep 2025 – Oct 2025

Under 25 Summit

- Orchestrated festival operations for 1000+ attendees, directing a cross-functional team of 30 members across logistics, marketing, and production.
